

AMC 10 Math Competition

What is the AMC 10?

The AMC (American Mathematics Competition) 10 is sponsored by the Mathematical Association of America. It is a 25-question, 75-minute, multiple choice examination.

Who can participate in the AMC 10?

Students with a passion for problem-solving who are in grade 10 or below and under 17.5 years of age on the day of the contest can take the AMC 10.

When is the AMC 10? Where will it be held?

The competition will be held on February 13, 2019. It will be given at Glasgow during the school day.

What is covered on the AMC 10?

The AMC 10 covers mathematics normally associated with grades 9 and 10. The AMC 10 assumes knowledge of elementary algebra; basic geometry knowledge including the Pythagorean Theorem, area and volume formulas; elementary number theory; and elementary probability. What are excluded are trigonometry, advanced algebra, and advanced geometry.

Where can I find practice problems?

Visit this website to view AMC 10 practice problems: <http://www.maa.org/math-competitions/amc-1012>

How much does it cost to participate?

Students must pay \$5 to cover the cost of the competition. Mr. Bankston will collect fees. Students may only pay in cash. Please have the exact amount.

When is the \$5 fee due?

Students must pay the \$5 fee by January 11, 2019.

Where can I get more information?

For more details, visit this website: <http://www.maa.org/math-competitions/amc-1012>

Cut here -----

Please submit this portion of the handout with the \$5 fee.

Student name _____

I give permission for my child to participate in the AMC 10. I understand that as part of the competition registration, my child will provide personal information including his/her full legal name, birthday, and address to the competition administrators.
