

2021 Math Placement Test

Who should take the placement test?

All students who are considering enrolling in Glasgow's Gifted, Scholastic Academy, and Great Scholars programs should take the placement test.

When is the test?

The test will be administered at Glasgow Middle School on Saturday, May 8 (8 AM) and Tuesday, May 11 (5 PM). The test will also be administered at Buchanan Elementary School, Wildwood Elementary School, and LaSalle Elementary School for students who currently attend those schools. Dates and times for those tests will be available soon. Parents will need to register students for the math placement test using the form on the school website (www.glasgowmiddle.org). Please register by May 4.

Why do students need to take the placement test?

Students will be placed in math classes based on their performance on the placement test. Recent standardized test data and grades from elementary school math courses will also be examined in the placement process. Students may be placed in Math 6, Math 7, Math 8 (Introduction to Algebra) or Algebra I.

How long will the test last?

Students will have 90 minutes to complete the test. However, students usually complete the test in 45-60 minutes.

What will be on the test?

The test will cover state standards from sixth grade, seventh grade, and eighth grade math. If you would like more information about these standards, you may review K-12 Louisiana Student Standards for Math on the Louisiana Department of Education website (<http://www.louisianabelieves.com/resources/library/academic-standards>).

What should students bring to the testing session?

Students should bring two sharpened pencils with good erasers. All other items necessary to complete the test (calculators, rulers, protractors, scratch paper, etc.) will be provided.

If you would like additional information, please contact Amy Rivet at arivet@ebrschools.org or 225-925-2942.
