

Google Workspace for Education Resources for Families & Guardians

[Google Classroom 101 for Students YouTube Playlist](#)

- A basic YouTube playlist for students to show them how to use Google Classroom on different devices if for some reason they are not near their Chromebooks.

[Tech Toolkit for Families and Guardians YouTube Playlist](#)

- This is a playlist that Google created for families and guardians during the height of the pandemic to help them understand some of the products that their students would be using.

[EDU in 90 YouTube Playlist](#)

- EDU in 90 is geared towards educators but it can easily be watched by parents and guardians who want to stay up-to-date with new Google features.

[Google Junior Training Series YouTube Playlist](#)

- A YouTube playlist that was created by Google for Education Trainers who are members of the Google GEG during the height of the pandemic to train students on how to use their Google products.

[Guardian's Guide to Google Workspace for Education](#)

- This is a document that gives information to families and guardians about Google Workspace for Education.

Compiled by Erin Anding, Glasgow Librarian and Site Technology Facilitator, Spring 2023

*Please note that internet resources change often and can quickly become out-of-date. However, the resources above should provide you with a basic understanding of the Google Workspace for Education products that your student uses.
